Serial No. 10/009,488

## IN THE SPECIFICATION:

Page 13, revise the third full paragraph to read:

Although a first corrosion-resistant layer 12a-is formed by the chemical conversion treatment only on a surface on the side of the heat-sealable layer 14 of the aluminum layer 12 in the laminated structure shown in Fig. 4(a), another corrosion-resistant layer 12b may be formed additionally by the chemical conversion treatment on the other surface on the side of the base layer 11 of the aluminum layer 12 as shown in Fig. 4(b).
